- Overnight fasting required for 8-10 hours.
- Report in empty stomach - only water can be taken. Avoid wearing tight, formal clothes and shoes.
- Avoid smoking & consuming alcohol for a minimum of 12 hours before checkup.
- Bring all your earlier medical reports and prescription if available.
- Opinion and advice will be given by the Consultant Physician, based on the standard tests in the package; any further tests or consultation recommended by the consultant will not be a part of this package and hence will be charged extra. The availability of reports in such instances will depend on the nature of the tests.
- Diabetics & hypertensive patients should take their regular medicine if any after the fasting blood sample collection.
